## SUMMARY

Full Stack Web Developer with 1 year of experience at GUSTO-CSR, adept in both front-end and back-end technologies. Skilled in creating dynamic and responsive web applications, with a strong emphasis on backend development. Proven ability to work effectively in collaborative environments and deliver high-quality, scalable solutions. Seeking to leverage technical proficiency and problem-solving skills to contribute to innovative projects in a growth-oriented company.

## EXPERIENCE

### Full Stack Web Developer

**GUSTO-CSR**                    **November 2023 - February 2024，Times City, Yangon, Myanmar**

• Developed and deployed a show-case web application for GUSTO-CSR organization.

• Contributed to the UI/UX design using Figma by being a bridge between UI/UX and coding.

• Implemented a rate/limit in the server-side by using in-memory database (Reddis).

### Full Stack Web Developer

**Shwe Du Wun**                    **June 2022 - October 2022，Yangon, Myanmar**

• Developed and deployed a shop web application using HTML5, CSS3, jQuery, JavaScript and Node.js.

• Managed the developer team by creating the development process.

• Created a smart solution to render many items in the UI instead of hard coding.

## PROJECTS

### Full Stack Developer

1 month 1 project (by Ko San Lynn Htun) • https://pos-frontend-next-ruby.vercel.app/ • March 2024 - April 2024

• Contributed to the project as a full stack developer using Next.js framework (mainly focused on the backend).

• Developed the API for the user management, security and more using Prisma, PostgreSQL.

• Wrote the API Documentation using Swagger and Postman.

• Here is the link to the API documentation. (POS_NextJS | 1.0.0 | AungMyatMin | SwaggerHub)

### Frontend Developer

1 month 1 project (by Ko San Lynn Htun) • https://hospital-management-system-frontend-nu.vercel.app/

• February 2024 - March 2024

• Contributed to discussing about how we should manage to complete this project in one month.

• Developed the UI logic for the doctor part in the application using Next.js, Shadcn Ui and Tailwind CSS.

• Hosted it on the Vercel by using my vercel account.

## EDUCATION

### Pearson BTEC International Level 3 Foundation Diploma in Information Technology

GUSTO Universtiy • Times City, Yangon • 2023 • 3.78 GPA
